

JL - 4

LANDSCAPE SATELLITE

Jamo

LANDSCAPE

DESIGN + PERFORMANCE

The smooth lines, satin painted finish, and ultra compact design of the JL-4 allows it to blend seamlessly into even the most luxurious of outdoor living space, while the 4" long-throw aluminum driver provides detailed, dynamic, balanced sound.

70V COMPATIBLE

The JL-4 landscape satellites are equipped with high quality 25W 70V transformers, providing maximum system flexibility for any listening environment - from small residential systems to massive commercial installs.

EASY INSTALLATION

In addition to full 70V compatibility, the JL-4 landscape satellite provides completely tool-free installation, for fast, easy installation in any space.

ALL WEATHER DURABILITY

A rustproof aluminum grille mated to a UV-resistant, glass-filled ABS cabinet provides the utmost in all-weather capability. With an IP45 rating, the Jamo JL-4 landscape satellite is lab tested and certified to offer the best in outdoor audio year in and year out.

OPTIMIZED WITH JDA-500

The new Jamo JDA-500 DSP amplifier is the perfect match for the Jamo Landscape series - with 70V and low impedance compatibility and one-click Jamo speaker presets to optimize the acoustic performance of your Jamo speakers - no amplifier sounds better with the Jamo Landscape system.

SPECIFICATIONS

FREQUENCY RESPONSE	115Hz-20KHz
DRIVER	4" Long-Throw Aluminum Full-Range Driver
SENSITIVITY	85dB (2.83V @ 1m)
IMPEDENCE	70V
POWER HANDLING	50W
70V TRANSFORMER	25W
ENCLOSURE MATERIAL	Glass fiber-filled, UV Treated ABS
FINISH	Satin Gun Metal
GRILLE MATERIAL	Rust-proof Aluminum
DIMENSIONS	133mm H, 104mm W, 143mm D 5.24" H, 4.09" W, 5.63" D
WEIGHT	2.27 kg (5.0 lbs)
ACCESSORIES (SOLD SEPARATELY)	JGS-10 Ground Stake (PN: 1063449) JJB-3 Junction Box (PN: 1063450) JDA-500 DSP Amplifier (120V: 10634321, 230V: 10634322)
